HB 3026 New Civil Rights Law

These meetings will be a forum to gather your input to better inform the development of the Washington Administrative Code (WAC) to implement HB 3026, a new law that bans discrimination in public schools based on race, creed, religion, color, national origin, sexual orientation including gender expression or identity, veteran or military status, disability, or the use of a trained dog guide or service animal by a person with a disability. This process precedes but does not substitute the formal rule making process, including public hearings on the exact language of the new rules and its related procedures.
